

441—73.8 (249A) Access to service.

73.8(1) The managed care organization shall ensure enrollees have access to services as specified in the contract. In general, the managed care organization shall provide available, accessible, and adequate numbers of institutional facilities, service locations, and service sites and professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hours-a-day, 7-days-a-week basis. At a minimum, access to services shall comply with the standards described in the contract. For areas of the state where provider availability is insufficient to meet these standards, for example, in health professional shortage areas and medically underserved areas, the access standards shall meet the usual and customary standards for the community. Exceptions to the requirements contained in this rule shall be justified and documented to the state on the basis of community standards. All other services not specified in this rule shall meet the usual and customary standards for the community.

73.8(2) Choice of providers. An enrollee shall use the managed care organization's provider network unless the managed care organization has authorized a referral to a nonparticipating provider for provision of a service or treatment plan or as specified for provision of emergency services set forth in rule 441—73.7(249A). In accordance with federal funding requirements, including 42 CFR 431.51(b)(2) as amended to October 16, 2015, the managed care organization shall allow enrollees freedom of choice of providers of any department-enrolled family planning service provider including those providers who are not in the managed care organization's network.

73.8(3) Continuity of care. The managed care organization shall have policies and procedures that provide for the continuity of care of treatment to ensure that a new enrollee's existing services are honored as required in the contract.

73.8(4) Adequate service referral support and after-hours call-in coverage. The managed care organization shall ensure enrollee access to service information and medical coverage 24 hours a day, 7 days a week, 365 days a year.

a. Member helpline. The managed care organization shall maintain a dedicated toll-free member services helpline as established in the contract to handle a variety of member inquiries and to provide warm transfer of enrollees to outside entities, such as provider offices, and to internal managed care organization departments, such as to care coordinators.

b. Nurse call line. The managed care organization shall operate a toll-free nurse call line that provides nurse triage telephone services for members to receive medical advice 24 hours a day, 7 days a week from trained medical professionals.
